There are proposals that if someone convicted of organised child sexual exploitation and rape was a dual national (citizen of both the UK and another country), they should have their British citizenship revoked and then be deported. Would you support or oppose this proposal?

There are concerns that some people within involved communities were aware of exploitation taking place, but did not report it to the authorities. Would you support or oppose deporting foreign nationals who, while not involved themselves, were aware that a family member was participating in the organised child sexual exploitation and rape, but failed to report it to the authorities?
